Warming the hearts of dialysis patients

竹板平安 (All is Well)

Back in the artist's hometown, Putian, his family house was built in the middle of a bamboo forest. The artist vividly remembers how the thickets of bamboo trees protected him and his family from the strongest of storms, the bamboo bending with the winds, but never breaking. Knowing he would always be safe amongst the bamboo trees, thus '竹板平安' (all is well). It also symbolises resilience and bouncing back even in the most difficult of times. The Rooster '鸡' in Chinese is a homophone for '吉' which means good luck and auspiciousness.
