

KDF FLAG DAY 2014

Join in the cause!

Want to have more meaning in your life and looking for opportunities to contribute and do something that helps the needy in your community? Then join us as a KDF volunteer for our upcoming KDF flag day 2014!

This year, KDF will once again take the streets of Singapore for our annual fundraising event “KDF Flag Day”. Be part of the team and join us in extending a helping hand to the needy individuals in our community through this event! We hope to recruit volunteers from the public, schools and organisations to help raise funds to support the daily operations of our dialysis centres and subsidise treatment fees for the needy kidney patients.

1 + 1 = LOVE ♥

As the old saying goes, it takes two hands to clap. No matter whichever situations in life, it takes two to succeed. 1 volunteer + 1 donation allows us to be a step closer to achieving our vision.

Every year, the aim of KDF Flag Day is not only to raise funds to support our needy kidney patients but also to seize the opportunity to create awareness and educate the public about kidney diseases. During our Flag Days, enthusiastic volunteers from schools, corporate organisations and the public would gather together as one and participate in this island-wide street collection.

The patients at KDF come from the lowest 10% of the income group. Most of them are dependent on their families for financial support as finding employment is difficult due to their illness. Treatment for these patients may cost up to S\$2,000 each month which would add up to a total of an estimated S\$24,000 per year.

We believe that no patients deserve to perish due to the lack of funds for dialysis and hope to be able to raise at least \$40,000 through this event. Once again we urge all individuals to come forth and join us in this worthy cause!

Details of the event

- 📅 13 September 2014, Saturday
- 🕒 8.30 am - 1.30 pm / 10 am - 3pm / 12 pm - 5 pm
- 📍 Islandwide
